# SHARED HEALTH ALLIANCE

Shared Health Alliance has long-standing relationships in the health share world and delivers essential benefits and solutions to help make healthcare more affordable and more accessible. We have partnered with industry leading organizations that help our members get and stay healthy.

## FINALLY, PRESCRIPTION PEACE OF MIND

Health Share Ministry programs offer an incredible alternative to traditional major medical insurance.

However, the ever-increasing specialty and injectable drug costs do not make it economically feasible for a health share to maintain low monthly contribution membership amounts and share in these expenses as needs. SHARx eliminates these bills as “shareable” needs while still providing members with access to all the medications they need. The health share ministry and the member can both rest easy knowing this is not an exposure that will financially crush them.

*“SHARx offers access to prescriptions the way a health share program should provide access – through alternate channels that either eliminate or mitigate the expense, without eliminating access to the drugs.”*

\*Sample ID is for HealthShareRX Prescription Card.

To get a temporary card  
visit [healthsharerx.com](http://healthsharerx.com)  
Click on the Member Resource  
Center tab. Once you login you  
will be able to print a copy of  
your HealthShareRX member ID  
card.

## Order your medications through APS

1. On the [healthsharerx.com](http://healthsharerx.com) home page, click on the Member Resource Center tab.
2. Login to the Member Resource page by entering the criteria below.  
**What is my username and password?**  
Username Info: MemberID+Person Code (e.g 123456701 person code is based on family member)  
Password Info: Lastname+Birthdate (e.g sample01011978)
3. For your initial prescriptions to be filled by the APS Home delivery, you must agree to the Notice of Privacy practices, as well as, the Terms and Conditions by checking the "I agree" check box at the end of each page. This is a one-time requirement on your initial setup for using the home delivery.
4. On the left-hand side of the page you will see Actions Needed: Complete Patient Enrollment Form.
5. Once you get into the form, you need to review family information and verify it is correct.
6. For APS to fill any prescriptions, the Allergy and Medical conditions sections need to be completed by checking any applicable allergies or medical known conditions.
7. Once you have this information completed on the webpage, APS will need a valid Prescription on file to fill your order. It is advised that your prescription be written/submitted for a 90-day supply for the best pricing.

## Below are the options for getting a prescription to APS Home delivery:

- Have your physician call in your prescriptions at 1-888-519-8188 option 2 for the pharmacy
- Have your Physician e-scribe your prescription (send electronically using the information for APS NPI: 1356814529)
- Have your Physician fax your prescription to the fax# 855-636-5473
- Have APS call your pharmacy to transfer your prescription.

Mail in your prescriptions to the address below:  
America's Pharmacy Source 947 W. Waterloo Rd., Akron, OH 44313

# SHARx Prescription Assistance

A SHARED HEALTH ALLIANCE PRODUCT

**Taking a high cost maintenance, brand or specialty medication?**

***We are here to help!***

Congratulations! We are thrilled to bring you a program that gives you a personal prescription advocate!

Shared Health Alliance is proud to work on your behalf to save you money on prescription medicine. We believe that you should be able to receive the medicine you need without creating financial duress. Our programs are designed to give you the most assistance on all of your medications so you can concentrate on living life instead of worrying about money.

***Many clients get their medications for free!***

***Others receive their medications at 75% -90% off!***

***Let's Start the Process!***

- 1.The process starts with us getting some preliminary information from you.
- 2.Within 48-72 hours after you submit the enrollment form, one of our advocates will contact you directly.
- 3.START SAVING

Use the secure link to fill out our prescription analysis, and get started!

# About SHARx

The Shared Health Alliance Rx program was designed with health share ministry members in mind. High cost maintenance drugs and high cost specialty medications and injectables create a very expensive burden to those that participate in health share programs. The SHARx program procures these medications for members through alternate access points – many times at \$0 cost to the member. For medications that are not available at zero cost, SHARx helps members access these medications through its interactive portal at a very small fraction of the cost.

## SHARx Advocacy Services

SHARx is a non-insurance solution for helping procure high cost maintenance, specialty medications, IVG Therapies, and drugs that treat orphan conditions through roughly six different avenues. Our advocates are led by a Director of Advocacy Services and a pharmacist with a combined 26 years experience in the patient assistance space. Our advocates move rapidly to help identify the best source for procurement of the high cost medications for members. Whether it is an insulin such as Victoza or Humalog, or a specialty medication such as Humira or Harvoni, or an orphan drug such as Spinraza, the SHARx team will go to great lengths to help members get the access they need.

SHARx seeks first to fill medications through \$0 cost channels, and if there is not a “free” avenue available, then SHARx will refer members to access points that generally provide access at ten to fifteen cents on the dollar. We want our members to get the medications they need at the absolute lowest cost possible.

## SHARx & HealthShareRx

SHARx was designed to help members with their high cost maintenance and specialty drugs. In order to provide a comprehensive solution, SHARx has partnered with HealthShareRx. HealthShareRx has a fee-based program that essentially turns the acquisition of “acute” care medications and lower cost maintenance medications into an equivalent co-pay type of expense.

The drugs available through HealthShareRx do not create overlap with SHARx, but rather are the perfect complement to help members access these commonly prescribed acute and maintenance medications at set pricing schedules – the lowest in the industry.

# The HealthShareRx Solution

ACUTE CARE AND LOWER MAINTENANCE ACCESS

## Acute Medications (Immediate Need)

Members receive a prescription card for use at retail pharmacies nationwide. The card provides access to the top 83 most prescribed acute medications at over 64,000 pharmacies across the USA.

**\$5**  
Up to 21 Day  
Supply

## Maintenance Medications (Chronic Needs)

**\$15/ \$30/ \$45**

Top 100+ maintenance  
drugs 90 day supply  
(includes free delivery)

These medications for chronic, long term conditions are taken on a regular basis. These conditions include: high blood pressure, high cholesterol and diabetes, to name just a few. These drugs are well established medications that have proven safety and efficacy and are considered first line therapy options for the treatment of common chronic conditions.

## Over The Counter Medications (Everyday)

The most common OTC medications, such as Ibuprofen, Acetaminophen, Fexofenadine, Diphenhydramine, and others at a fraction of the price. Save money on the medications that get used nearly everyday, and have them delivered right to your door!

Prices better than  
big box stores

19 of the most  
purchased OTC meds  
for daily use

## Diabetes Program (SaveOneDiabetes)

**FREE**

Free Glucometer, Lancing  
Device, Solution, Lancets,  
& 12 of the most used oral  
diabetic medications

SaveOneDiabetes is a game changing program for members with diabetes in which they will get a FREE meter, low cost testing strips, lancets, and more. Many people have diabetes and one in three are pre diabetic. The diabetes program will increase adherence and utilization by making medications and testing kits more affordable and accessible.

# ACUTE FORMULARY (Immediate Need)

The most utilized acute medications in our formulary can be purchased up to a 21-Day supply for a \$5.00 payment! If there is an emergency, sickness or injury and you need your medications fast, our membership card will allow you to fill your prescription at any of 64,000 pharmacies nationwide for only \$5.00. We have relationships with most major pharmacies to save you money when you can't wait 3-5 days for home-delivery. **We are changing the way you think about prescription drug pricing!**
