Shared Health Alliance has long-standing relationships in the health share world and delivers essential benefits and solutions to help make healthcare more affordable and more accessible. We have partnered with industry leading organizations that help our members get and stay healthy.

FINALLY, PRESCRIPTION PEACE OF MIND

Health Share Ministry programs offer an incredible alternative to traditional major medical insurance.

However, the ever-increasing specialty and injectable drug costs do not make it economically feasible for a health share to maintain low monthly contribution membership amounts and share in these expenses as needs. SHARx eliminates these bills as “shareable” needs while still providing members with access to all the medications they need. The health share ministry and the member can both rest easy knowing this is not an exposure that will financially crush them.

SHARE SCRIPTS

Powered By SHARx

1

If you are taking a high cost medication that cost over \$150 dollars per month, then visit www.sharxplan.com/sha or select the Share Scripts icon in the Share App

2

Enter your personal information, add your prescriptions, add your provider, sign the HIPPA form

3

One of the experienced SHARx advocates will be in contact with you within three business days

4

Your advocate will review your prescription and determine the best possible option for obtaining your medication(s)

SHARx is...

An alternate Access Point to medications. SHARx is a program that works through multiple avenues to find your medication, providing a way for members to often get their medications for FREE! Drugs that are not free are typically available at 75% to 90% off retail. SHARx can access just about any maintenance medication, as well as specialty medications and orphan drugs. SHARx provides freedom from being financially crippled by high cost drug expenses.

SHARx is not...

SHARx is NOT a Drug Card. SHARx cannot access medication at a pharmacy. SHARx is NOT a discount program. SHARx is NOT insurance. SHARx cannot guarantee access to free medications.

Additional information may be requested by the advocates.

This is a vendor program offered through Shared Health Alliance.

SHARE SCRIPTS

Powered By ValuScripts

1

For your low cost medication needs, visit valuscript.com or choose the Share Scripts icon on the Share App to find the estimated price at local pharmacies.

2

At the pharmacy, present your prescription discount card and a valid prescription.

3

Purchase your medications at the discounted price.

ValuScript is committed to providing first class customer service by educating our patients on their medications and informing them if low cost alternatives are available at local pharmacies. ValuScript is not insurance, but a discount prescription membership that offers honest and transparent pricing to generate significant savings. Our mission is to build a healthier tomorrow by providing affordable prescriptions today.

FREQUENTLY ASKED QUESTIONS

Low Cost Medications

How do I use my prescription (add in prescription) discount card?

Your prescription discount card is to be used for your low-cost medication needs only (medications costing under \$150 per month). Simply present your discount card and a valid prescription at the pharmacy to fill your medication.

How can I determine the estimated price of my low-cost medication and where I can find it?

Visit valuscript.com or choose the Share Scripts icon on the Share App to find the estimated price at your local pharmacies.

High Cost Medications

How do I obtain my high cost medications?

If you are taking a high cost medication that cost over \$150 dollars per month, then you will want to register for SHARx prescription advocacy. SHARx is a non-insurance solution for helping procure high cost maintenance and specialty medications. You will work one on one with a SHARx advocate who will help you obtain your medication.

How do I register (I changed enroll to register) for SHARx?

Visit www.sharxplan.com/sha or select the Share Scripts icon in the Share App. Please watch the video on page 5 of this welcome packet for detailed step by step registration instructions.

A person is shown from the side, looking down at a laptop screen. The image is slightly blurred and has a soft, warm tone. An orange rectangular shape is in the top right corner.

CANCELLATION/REFUNDS

Cancellation Policy

You may cancel your membership at any time. All notices of cancellation must be submitted in writing. All cancellations will be effective at the end of the month in which Shared Health Alliance is notified. There are no retroactive cancellations or refunds.

Written notification must be
sent by email to:

memberservices@sharedhealthalliance.com

Refund Policy

You may only receive a refund provided you have submitted a written notice of cancellation to our office. This notice must be received prior to your membership effective date. No refunds are permitted once membership effective date has commenced. No refunds are permitted if any needs have been submitted or filed for any service or product for which you have been enrolled.
